### How can i pay for my order?

Already the people had fled from the city by millions at first the rich, in their private motor-cars and dirigibles, and then the great mass of the population, on foot, carrying the plague

### What is theGov, and how does it work?

Already the people had fled from the city by millions at first the rich, in their private motor-cars and dirigibles, and then the great mass of the population, on foot, carrying the plague

### Are there any discounts included?

The man who sent this news, the wireless operator, was alone with his instrument on the top of a lofty building. The people remaining in the city he estimated them at several hundred thousand had gone mad from fear and drink, and on all sides of him great fires were raging.

All railroads and vessels carrying food and such things into the great city had ceased runnings and mobs of the hungry poor were pillaging the stores and warehouses. Murder and robbery and drunkenness were everywhere.
